

STRONGER TONE PERVADES STOCK EXCHANGE TODAY

Better tone and added strength were further indicated in the stock market today. Sales between boards were 2008 shares of listed securities and at the session 336. Trading was heavier in Oahu with Oahu, Ewa, and Pioneer sharing interest. Oahu was selling at \$19.25 at the close of the session. Other prices were Oahu \$42.50, Pioneer \$53.25, Waiaina \$35.75, McBryde \$12, Brewing \$20.50, Ewa rose to \$25, starting the day at \$34.50.

Following the meeting of stockholders of Mineral Products and the organization of the new directorate it was natural this morning that stock of that company should occupy most attention among unlisted securities. Before the session it was selling in large lots at \$2 1/2 cents but later declined to 90 cents. Engels Copper sold at \$2.60. Honolulu Oil was lower, \$3 bid. Haw. Cal. Development and Tipperary were both quoted \$ 10 cents and Mountain King was 75 @ 80 cents.

CHINESE WILL GIVE NEXT VACATION SCHOOL PROGRAM, ON SATURDAY

Next Saturday afternoon in the assembly room of the Kailua school on King street, the Chinese Students' Alliance will give an entertainment, in cooperation with the College Club's "vacation program" for children. Besides music and other numbers, the program will consist of athletic "stunts" and juggling. Any and all children, together with others interested are cordially invited to this and any other Saturday afternoon shows at Kailua school.

Five thousand volunteer firemen, from 24 cities, paraded in Poughkeepsie, N. Y.

ROTARIANS HEAR CONVENTION AND CARNIVAL PLANS

Civic convention and Carnival subjects occupied the attention of Rotarians at luncheon today and the club is preparing to take an active part both in the civic convention at Hilo next September and in the 1917 Mid-Pacific Carnival.

R. W. Perkins reported on civic convention plans, and after he had outlined something of Hilo's preparations, he and President Paxson of the club declared that Rotarians must send a delegation to the Crescent City.

Emil A. Berndt spoke in detail and with much enthusiasm of the Carnival plans, dwelling on the various features. He told the Rotarians that perhaps a great "preparedness" feature, taking in all or most of the troops, regular and national guard, on Oahu, might be arranged and that it might even be necessary to have it staged on the big Lilehua plains.

President Paxson announced that he had sent a cablegram in the name of the club to the big Rotary convention at Cincinnati this week.

Next week the clubmen will hear H. E. Vernon, the general agent of the Santa Fe here, speak on transportation, a subject in which he is an expert.

BELIEF STRONGER THAT SOLDIERS WERE DROWNED

Conviction that the five Fort Shafter soldiers missing in a small boat since last Saturday have perished grows as the days pass and no word comes from the men. The deputy sheriff and officers of Company I, Engineers, all reported today that nothing had been heard of the men or the boat. They believe that if the men were drowned their bodies would be taken by the sharks and would never be recovered but they cannot account for the disappearance of the boat in this event because it contains air compartments which would keep it afloat, they say.

COMPANY LOSES IN TYPEWRITER CHASE

The Office Supply Company will have to take further proceedings if it would recover a typewriter now held by the estate of the late J. Carlo. In a suit brought by the company against Maria Carlo, widow, for the recovery of the machine, Circuit Judge Ashford today found for the defendant, stating that it had been shown that Mrs. Carlo has nothing to do with the business of the estate. According to testimony, a negro soldier rented the machine from the company and later sold it to the Carlo store in Fort street.

TWO BIDDERS ON SCHOOL JOB; TO OPEN MORE SOON

There were only two bidders at 11 o'clock this morning when Acting Superintendent of Public Works W. C. Woodward opened sealed tenders for alterations and additions to a school building for the girls' industrial school, Moiliili.

Bidders were H. H. Foster, \$2295, 45 days; Henry K. DeFries, \$2385, 65 days. The department will consider the bids and award a contract in a few days.

Tomorrow morning at 11 o'clock informal bids will be opened for printing rules and regulations of the board of harbor commissioners.

Saturday morning at 10 o'clock informal bids for supplying material for 800 or 900 feet of railroad track for the wharf at Waimea, Kaula, will be opened. A contractor will install the track.

At 11 o'clock Monday morning the public works department will open formal bids for construction of the Makiki-Round Top road. This will include culverts, supplies, rock, feed for mules used on the job and other items. The macadamizing of the road is being done by prisoners.

JUDGE STUART'S LETTER FAILS TO DISTURB WILSON

(Continued from page one)

of his letter a week before its promulgation. He acquired a press bureau in the shape of three or four aggressive young reporters. With them he conferred and to them he read the rough draft of his letter. Finally he rounded it and took it to the White House in person. He marked it "personal" and left it for the president with one of the attaches. It was tenderly laid on Mr. Wilson's desk and left for his perusal. Up to that time it has neither been referred to Secretary Lane nor to Attorney General Gregory.

Department of justice officials emphatically declare that Judge Stuart's resignation will be accepted the minute it comes into their hands. At present it has another string attached to it. He advises the president that it will be submitted August 1. The authorities here sincerely hope that his promise will be redeemed.

City Attorney A. M. Brown expected to present to the territorial grand jury this afternoon the case of Natalie Rodriguez, who is charged with first degree burglary. But one case was under investigation on Wednesday and it is expected that the jurors will return a partial report today. City Attorney Brown says that the case of Jesse Gray, former police officer, may be taken up while he is on the mainland, unless the jurors prefer to wait until his return.

PROMPT ACTION IN EXTENSIONS OF TIME ASKED

Public Works Department Says Needless Trouble May Be Easily Obviated

Contractors who want extensions of time on contracts with the public works department are urged to turn in applications for the same well in advance of the date on which the contract expires.

Acting Superintendent W. C. Woodward says that a great deal of red tape has to be gone through in granting extensions after the original contract time limit had expired. "We cannot legally grant time extensions after the original contract has expired," he said, "unless liquidated damages are waived and a long lot of detail gone through. Contractors should get busy with their applications for extension a reasonable time before the contract is due to expire."

An instance of delay due to the contractor failing to ask in advance for extension when he knew it would become necessary is the Puunui work. Jobs on homestead roads on Hawaii have also made much trouble for the department—trouble which would have been obviated by applications turned in sooner.
